## Water Skiing—

It's hard to believe that the water ski season is almost here. The process of getting this newsletter out has been delayed by me since my computer's logic board and hard drive fatally crashed. I ordered a new computer but it came with a different operating system. I am still finding software I have to upgrade and then figure out how to use it.

We've done a detailed analysis of our costs from last year two years and have decided to keep pricing same as 2006.

- Skier fee will be \$110 based on a gas cost of \$3.50 a gallon [or about \$4 in Needles]. If the price of gas exceeds this threshold, we may have to access a gas surcharge.
- Non-skier fee will remain at \$55 in spite of food cost increases.
- The child fee of \$18 will be unchanged. We love your kids and welcome their energy and their free spirits.
- Individual membership will stay at \$40. A family membership stays at \$80. As always, there will be a \$10 discount on individual membership and \$20 on a family membership if you elect to receive your newsletter via email.

With all the snow we've had this winter in Colorado, it should be a great summer for water skiing & wake boarding. ■

# Boat Driver UPDATE

by Gene Fulkerson

## Welcome to Summer—

Hope you have all had an excellent winter snow skiing or boarding. Since I am now retired, I am able to ski when and where and managed 40 days in Utah, Idaho, Canada, and Colorado. I am also planning to snow ski a couple of days in Argentina. Meanwhile, I am currently taking the motor home on the road to visit all the best wineries in California.

I am excited to start water skiing again as our boat drivers ready their boats for another fantastic summer at the river. It should be a good season in light of all the snow that has fallen in Colorado this winter.

I would like to welcome back our very excellent boat drivers— **Catherine Ohl, Paul Jackson, Mark Mathis, and Craig Henderson.**

I am hard at working embellishing the river menus and adding some new twists. Come out to the river for a taste. Looking forward to skiing with you all again in 2007.

## Convention—

Just a reminder that the Far West Convention is May 31 - June 3, 2007 at the Hyatt Regency in Santa Clara, CA. There's lots of fun things to do. Some of it is even free. You won't want to miss Friday's Silent Auction. If you are interested in attending the convention as a delegate for the Rats, please contact me. ■

## Campground Fees

Our weekend trips are scheduled at Park Moabi, 10 miles south of Needles, CA. Our campsite is along a sandy stretch of beach on the Colorado River and is somewhat secluded from other campers. You can sleep on the beach, in the bushes, in your tent or in your vehicle (or in a hotel in Needles).

Park Moabi now has some confusing procedures for making campground reservations which affects our reimbursement policy. When we make a reservation, we pay in full the fees for four vehicles for Friday & Saturday nights. The first four vehicles to arrive on Friday night will not have to pay anything unless hook ups are required.

If you are not an approved carpool, you will have to pay the trip leader the \$42 for the credit you received for the camping fee. ■

"The Voice of the Western Skier"

**ALL Clubs members are invited to reserve your room today at the fabulous Hyatt Regency in Santa Clara.**

# Ski, Board & Boat Etiquette—

The club takes up to eight skiers per **club boat**. Non-skiers and children will not be able to ride in a club boat during club hours.

At times we have boats on the beach that are not designated as a **club boat** for the weekend. If invited for a run feel free to take them up on their offer. Since they are not being reimbursed by the club for their expenses, it would be appropriate to offer them some gas money.

**Club boats** are required to be in operation from 8 am – 5 pm on Saturday and from 7 am to noon on Sunday. There will be a one hour break for lunch on Saturday. Lunch on Sunday will be at noon. Boat drivers may operate extended hours, but it is at their discretion.

It is recommended that a **club boat** go out on a ski run with no more than four (4) skiers plus the driver. This requirement will help cycle the skis and skiers and reduce the amount of time a boat is out at one time.

A minimum of one skier and another skier/observer plus the driver are required for any given run.

All skiers shall have a chance to take one ski run before any skier goes out for a second run.

When filling their **club boat**, boat drivers should attempt to give priority to the skiers with the least number of runs for that day.

Each time a **club boat** goes out, each skier will be allowed **ONLY ONE** ski, wakeboard, trick ski, barefoot **OR** air-chair run. A driver may limit a skier's run to ten (10) minutes. This should allow a boat to return to the beach to pick up another load of skiers in approximately 1 hour, 15 minutes. **AGAIN NO DOUBLE RUNS.**

A **club boat** is not required to operate if conditions (wind, rain, lightening, etc.) make skiing unsafe.

It is required that you have fun and to help out when asked. ■

# THE RADAR RIVER RATS PROGRAM

Welcome to the HEASB "Radar River Rats" Water Ski Program.

We hope that the following will answer many of the questions you may have concerning our river weekend trips to the Colorado River.

## Water Ski Weekends

The intent of a Rats water ski weekend is to SKI, have lots of FUN and RELAX in the SUN (or shade) with like-minded water skiers.

We provide the boats, water skis, vests, sunshades, instruction for beginning skiers, sandy beaches for camping and sunning, five meals, and all the beer and soda you can drink at the river. All this is yours for only \$110 plus carpool expenses.

Non-skiers & children are welcome to join in the fun for \$55 & \$18, respectively, plus carpool expenses. The non-skier and child fees cover meals, drinks, and camping. Non-skiers and children will not be able to ride in a Club boat during Club hours.

Club boats are scheduled to operate Saturday, from 8 AM to 5 PM, and on Sunday, from 7 AM to noon. There will be a one hour break for lunch on Saturday. Boat drivers may operate extended hours, but it is at their discretion.

## Signing Up

You must be a member of the HEASB Water Ski Club to sign up for a water ski trip. To join the club, fill out the membership application found on the back page and send to the location indicated on the form. To sign up for a trip, you will need to fill out the reservation form included in your new member package, the newsletter, or on the web site.

We take eight skiers per boat. After we fill a boat, we designate a driver for the Club. You should be notified by the Monday evening before the trip about your status and carpool arrangements. **Be sure to sign up early so we can guarantee a boat driver.**

Your check will not be cashed until three weeks before the trip date, and only if you are confirmed on the trip. Any check written for over \$110 will be cashed upon receipt.

## Camping

Our weekend trips are scheduled at Park Moabi, 10 miles south of Needles, CA. Our campsite is along a sandy stretch of beach on the Colorado River and is somewhat secluded from other campers. You can sleep on the beach, in the bushes, in your tent or in your vehicle (or in a hotel in Needles).

Running water and flushing toilets are at our campsite, while hot showers and a small market are available in the main campground about a mile away. The River water temperature is usually in the low to mid 70's. Air temperatures can reach as high as 120°F in the summer and drop as low as 45°F at night in the early spring and late fall. Sunshades (at times with misters) are provided by the Club.

## Hook-Ups

There are a very **limited number** of hook-ups available on our point. The number varies depending on which campsite we have for the weekend. You must tell us when you sign up if you would like a hook-up. You will be notified of hook assignments by the Trip Coordinator. Boat drivers and board members have priority followed by those who sign up first.

*see page 7*

It will cost you an additional \$14 per day which you will pay when you check in at Park Moabi. You will also need to bring a long extension cord with you.

### Campground Fees

Park Moabi now has some confusing procedures for making campground reservations which affects our reimbursement policy. When we make a reservation, we pay in full the fees for four vehicles for Friday night. The first four vehicles to arrive on Friday night will only have to pay for Saturday night and hook ups if required.

If you are not an approved carpool, you will have to pay the trip leader the \$42 for our credit you received for Friday and Saturday nights.

### Everyone Helps

There is at least one trip leader on each of our weekend trips. We expect everyone to lend a hand when asked as it makes the trip fun for everyone. Breakfasts are do-it-yourself meals. Lunch and dinner are group projects.

For breakfast, you have a choice of cereal, bagels, donuts, muffins, burritos or eggs. **Saturday lunch is cold cut sandwiches. Sunday lunch is tuna or whatever is left over. The dinner menu varies from trip to trip; it will include bar-b-que chicken with bar-b-qed steak, tri tip, pork loin, fresh ahi or something special cooked up by our chef. If you require special foods, we encourage you to bring what you need.**

The Club owns a trailer that is fully stocked with skis, vests, a BBQ, beer, soda, paper goods, cooking utensils, sun shades, etc. The trailer will be out on our campsite early Saturday morning. First thing that gets done before skiing is the trailer gets unloaded and camp is set up. The reverse is done on Sunday.

### Suggested Items to Bring—

Hat/Visor	Tent	Swim Suit
Sunglasses	Sleeping Bag	Tee-Shirt
Sunscreen	Air Mattress	L/S Shirt
Sandals	Insect Repellent	Jacket
Towel	Flashlight	Ski Gloves
Beach Chair	Drinks for Friday	Ski (optional)

### Liability

The Hughes Employee Association South Bay (HEASB) Water Ski Club, the Radar River Rats (RRR), Hughes Employees Association (HEA), and Raytheon Employee Association (REA), shall not be held liable to anyone for injury or loss incurred by him/her while traveling to, participating in, or trav-

eling from an activity sponsored by the Club, including Club meetings, Club trips or while using any facilities controlled by the Club. The HEASB Water Ski Club is a non-profit organization.

### Board Meetings

Monthly board meetings are held on the first Tuesday of every month from March through November in the South Bay. We meet at a board member's home. Call 858-467-9469 for location.

### Optimal Parking at River

Points vary from week to week so does the parking opportunities. What doesn't change is an RVs needs to be next to a hook-up and the club trailer and kitchen tarp need to be where illustrated. ■

# HEALTH & SAFETY – SUMMER TIPS

by Catherine Ohl

## Heat Stroke

Warm weather means most of us are out in the heat of the day hard at work playing. If the body does not cool properly the result could be a heat-related illness. The body has natural ways of keeping cool by letting heat escape through the skin and evaporating sweat.

## Prevention

Here are some common sense things you should do to prevent heat-related illness. While everyone is at risk, the very young and very old are more susceptible.

### Dress for the heat—

Wear lightweight, light-colored clothing as the lighter colors reflect some of the sun's heat. Also wear a light colored hat.

### Drink lots of water—

Carry water or juice with you and drink continuously even if you do not feel thirsty. Don't be fooled that alcohol and caffeine will hydrate you since they actually dehydrate the body.

### Eat small meals—

Avoid foods that are high in protein which increase your metabolic rate and generates more body heat.

### Take it easy—

If you must do strenuous activity, do it during the coolest part of the day, which is usually in the morning between 4 AM and 7 AM.

### Take regular breaks—

If you must indulge in physical activity on warm days, take time out to find a cool place.

## Care

- Get to a cooler place and rest in a comfortable position.
- Drink a half glass of cool water every 15 minutes. Do not drink too quickly. Do not drink liquids with alcohol or caffeine in them. Loosen tight clothing.
- Apply cool, wet cloths such as towels or wet sheets.
- Heat stroke is a life-threatening situation!
- Call your local emergency number.
- Move the person to a cooler place.
- Quickly cool the body. Wrap wet sheets around the body and fan it. Put ice packs on the body.

- Wrap ice in a cloth and place on each of the victim's wrists and ankles, in the armpits and on the neck to cool large blood vessels.
- Do not use rubbing alcohol because it closes the skin's pores and prevents heat loss. ■

## FITNESS

### Improve Your Skiing Balance—

One of the best things you can do for your skiing, in or off season, is to roll on skates.

Have you ever watched the pros race? These skiers show very little up and down movement, but spread their feet apart and smoothly roll both skis from edge to edge. There is no pivoting of the skis and rarely any skid—just arc-to-arc carving. They make skiing look so easy. The trick is to find your balance and it will be easy.

Balancing on inline skates is identical to standing over the sweet spot on today's carving ski. There is little margin for error. You can't be too far forward, and sitting back will have you on your butt in a second.

Find a wide paved area with a gentle pitch. The yard at a local school might be your best bet. Set up some obstacles and "run the gates." Wear a helmet, knee and elbow pads and wrist protectors, and "carve" this slope all year round. The more miles you skate, the more ready you'll be to make precise turns on the slopes. ■

# KID'S KORNER

## 4 kids & grandkids

### Spring is here...Water, Sun and Fun

While childhood memories are often filled with carefree days, emergency room doctors know it as "trauma season." Tragedies peak during the warmer months because children are supervised less, have more free time and engage in more outdoor activities.

### Water Safety Tips for Kids—

- If you do not know how to swim, always wear a life jacket.

*If you fall, get pushed in or accidentally get near deep water, a life jacket can keep you floating on the surface until you can get help. Even strong swimmers should wear a vest in deep or rough water.*

- Swim with a buddy.  
*You've probably heard this many times, but it's worth saying again. If you get into trouble, your friend can get help fast.*

- Always go feet first into unfamiliar water.  
*There could be rocks or tree stumps in rivers and lakes. Even pools can be more shallow than they look. So always check out the depth of water before you dive in.*

- If you see someone in trouble, signal the lifeguard or responsible adult.  
*Don't try to rescue the person yourself—you could get pulled under the water. Wave your hands over your head to signal the lifeguard or another adult.*

- Don't EVER pretend you are drowning.  
*It wastes lifeguard's time and may take their attention away from someone who really needs help.*

- It's a good idea to stay near people who know you and will notice if you are in trouble.  
*If you are with a group of people, have a check-in time and place to meet. Be sure*

*you show up on time so you won't give the adults gray hairs.*

- Don't let your friends tease you into something you don't want to do.  
*Even if all your friends are jumping in, don't do it if you are afraid or feel like you can't handle it. Knowing your limitations is nothing to be embarrassed about.*
- Make sure you always follow the adult in charge's instructions!
- Wear sunscreen! ■

### Online Safety for Kids—

Kids, here's are some Safety Tips for you when you go online.

- Don't ever give out information about yourself like your last name, your phone number, where you live, or where you go to school.
- Never e-mail a picture of yourself to strangers.
- If somebody emails something to you that makes you uncomfortable, don't look around or explore. Tell your parents.
- Making plans to meet your internet buddies in real life is a really bad idea. People in real life can be very different from how they are online.
- Don't open up e-mails, files, or web pages that you get from people you don't know or trust.
- Don't ever give out your password, except to responsible adults in your family.
- Always follow your family's rules for the using the internet.
- Don't ever do anything that costs money. ■

# INDUSTRY

## Ski News

### Put Your Name on Whistler's Gondola (for a price)—

Whistler's new Peak to Peak Gondola will be a key to Whistler Blackcomb's future, and the corporate naming rights will be an important part of the project's success. Intrawest has named sports/entertainment/media company IMG as the exclusive sales agent for the naming rights to its new gondola, which will link Whistler to Blackcomb. IMG will be the ideal company to lead the search for the right corporate partner for the Peak to Peak Gondola project. Hey, it has worked for other on-mountain features, like terrain parks.

### Mammoth Gets a Six-Pack—

One of Mammoth's original chairs is finally getting a makeover. Chair 9, a double installed in 1969, is being replaced by a six pack detachable built by Doppelmayr.

The lift has the largest vertical rise of any chair at Mammoth, at 1,700 feet. The new Doppelmayr lift will cost \$6.5 million, will reduce the ride for skiers from 10 minutes, 30

seconds to six minutes, 30 seconds, and will terminate at 10,371 feet. The elevation of the lift, coupled with its location on the east side of the mountain led the resort to choose a six-pack over a quad to allow for operations during periods of high winds.

Upgrading this lift is not being done to increase traffic on the terrain under the chairlift. It's about moving skiers around the mountain as evenly as possible to ease the pressure at base chairlifts. It is believed a majority of people who ride the new Chair 9 will ride it to transfer to other parts of the mountain.

### Ski Memorial Day at Mammoth—

Visit Mammoth Mountain for the last hurrah of winter. And while you're there, swing a golf club, cast a line or ride your mountain bike. Mammoth will be open for skiing through Memorial Day, Monday, May 28, 2007. Sierra Star Golf Course opens May 25. The Lakes Basin is now open for fishing.

### Snowbird Earns Golden Globe Award—

Snowbird resort claimed the 2007 Golden Eagle Award for Overall Environmental Excellence at the NSAA National Convention and Tradeshow in Palm Springs, California, earlier this month. The award recognizes the resort's participation in the American Fork Pacific Mine reclamation project.

In 2006, Snowbird, along with partners Trout Unlimited, the U.S. Forest Service and Tiffany & Co., became the first private landowner in Utah to help fund a mining-era cleanup effort. The consortium worked to eliminate tailings seepage from the Pacific Mine, which was affecting the American Fork watershed. Located on Snowbird-owned property, the Pacific Mine site is roughly three miles south of Snowbird's Hidden Peak.

### Mammoth's Chair 9 Name Contest—

What would you name the new Chair 9 six-pack Express? Give us your ideas and you could win a Mammoth Mountain Gift Pack. This contest is open to everyone with no limit on the number of entries per person. Winning name will be selected by Mammoth personnel. Entries must be submitted by May 25, 2007 in order to announce a winner Memorial Day Weekend. If the same name is submitted by multiple people, the person who first submitted the idea will be the winner.

### Steamboat to Make \$16 Million in Improvements—

As part of a massive makeover worth approximately \$40 million, Colorado's Steamboat Resort will embark on \$16 million worth of projects this summer, a record investment for the resort. Steamboat was recently purchased by Intrawest

Highlighting the investment will be the new Christie Peak Express detachable six-pack chairlift, Headwall slope re-grade, significant snowmaking improvements, and enhancements to the Meadows parking facility.

These changes mark the launch of nearly \$40 million in vast and comprehensive improvements to the entire Steamboat vacation experience and will be the first step in significantly advancing the resort's competitive position over the next decade. ■

## Required Carpool Information (your form may be returned if not complete)

The Trip Coordinator will arrange carpools for those wishing to travel with the club. First priority is given to vehicles pulling boats or hauling supplies. Volunteer drivers are needed to provide the remaining transportation, taking AT LEAST two passengers and/or food/drinks. Each passenger will pay the carpool driver for transportation expenses, an amount determined by the driver (typically \$35-60). Most carpools leave the LA area on Friday after work and arrive at Park Moabi around midnight. Drivers of arranged/approved carpools will be reimbursed for campground fees AFTER the trailer's packed on Sunday, about 2 pm. Your request for a specific carpool is not guaranteed. Carpools will be non-smoking.

\_\_\_\_\_ I agree to carpool as arranged/approved by the Club.

NOTE: **If you choose not to carpool**, you will be required to pay camping fees (\$21 per night) or \$10 per day use.
